MyCarrierPackets Integration

Prerequisites

MyCarrierPackets is software that requires a subscription to be set up prior to integrating with Aljex, for more information please contact MyCarrierPackets directly.

Background

Assure Assist's MyCarrierPackets is a unique Online Carrier Packet.

Each invited carrier is directed to a customized online packet webpage, where they enter/verify their profile information, agree to any contracts, and complete an electronic W9/W8.

All parties, including the corporate office provided by the FMCSA, is notified once each carrier completes an MyCarrierPackets.com for each customer.

Features

The Aljex TMS integrates with MyCarrierPackets for carrier onboarding

Carriers>Add Carriers>DOT#

On Carriers>Add Carriers, Users will input the DOT# and press tab:

The screenshot shows the Aljex TMS interface. At the top left is the Aljex logo. To its right is a 'Go to Pro#' dropdown menu and a 'Knowledge Base: Keyw' search bar. Below these are navigation tabs: Home, Shipments, Customers, Carriers, Equipment, Quotes, and Reports. The main content area has a 'Jump To' dropdown set to 'Select Section' and a 'Notes' dropdown set to 'Choose Type'. Below these are input fields for 'DOT # 3' (highlighted with a red box), 'MC # 111111', 'Name SAMPLE DBACARRIER', 'Legal Name ABC', and 'Address 123 STREET'. At the top right of the form area are buttons for 'Save', 'Activity', 'CarrierWatch', and 'CRM'.
