

Last Shipment Location

The last location of a shipment can now be displayed as a check call, based on the 'Arrival Date' & 'Arrival Time' or the 'Departed Date' & 'Departed Time' for any pick or stop. See screenshot below for the appropriate fields.

In the Home Page Designer, Last Location is field #126.

The screenshot shows the Home Page Designer interface. At the top, there is a grid of fields with the following labels: 1 Status, 2 Pro #, 3 Hot, 4 Last Location, 5 PU St, 16 Carrier Name, 17 Load Board, 18 Lowest Bid, 19 Total Pieces, 20 Pcs, 31 Other, 32 space, 33 High Risk, 34 space, 35. Below this grid are navigation links: [Load Information](#), [Reps/Dispatchers](#), [Reference #s](#), [EDI 204](#), [Manifest](#), [Customer](#), [Bill](#). The main content area contains two columns of fields. The left column includes: 80 Rate Conf Rec, *JR Arrived P/U, *RJ Arrived Del, 672 H, 76 High Risk, 126 Last Location. The right column, titled 'Intermodal Info', includes: 100 Container #, 851 IM #, 852 Special Cod, 853 Orig Ctr#, 855 Booking #, 856 Booking #. A yellow circle highlights the 'Last Location' field (126) in the left column, and a yellow arrow points from this field to the 'Last Location' field (4) in the top grid.
